APPLICATION STATUS MADE EASY

Lily needs an Employment Authorization Document

Hi my name is **Lily Zhao!**

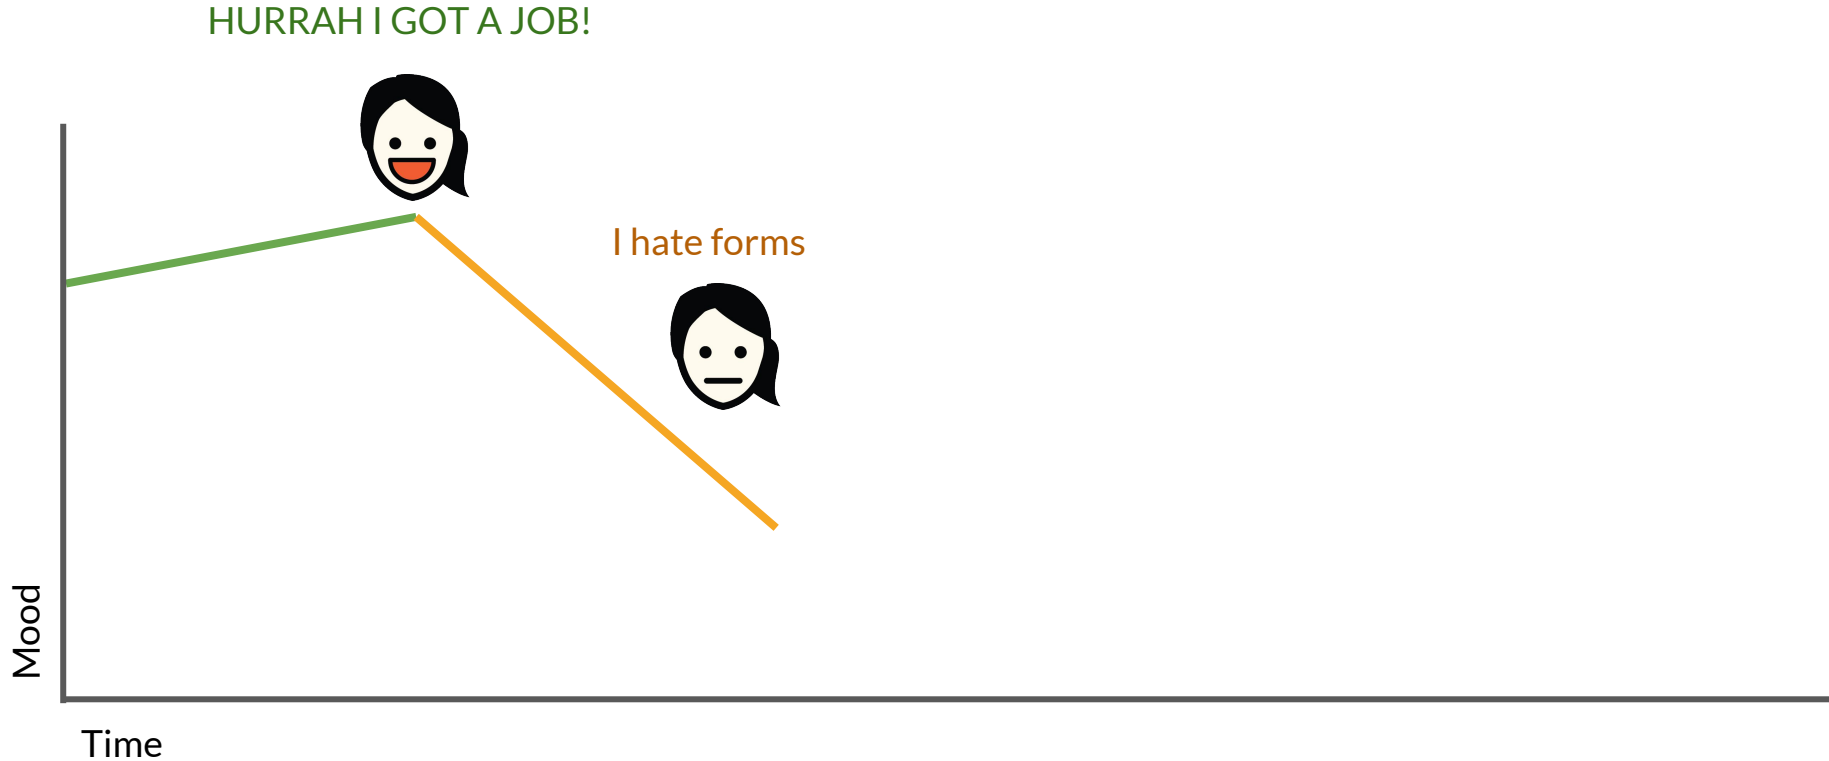

I'm a **Canadian citizen** studying at an **American university** and I just got an **AWESOME internship** offer at my dream company.

The current user experience is a roller coaster...
but not in a good way.

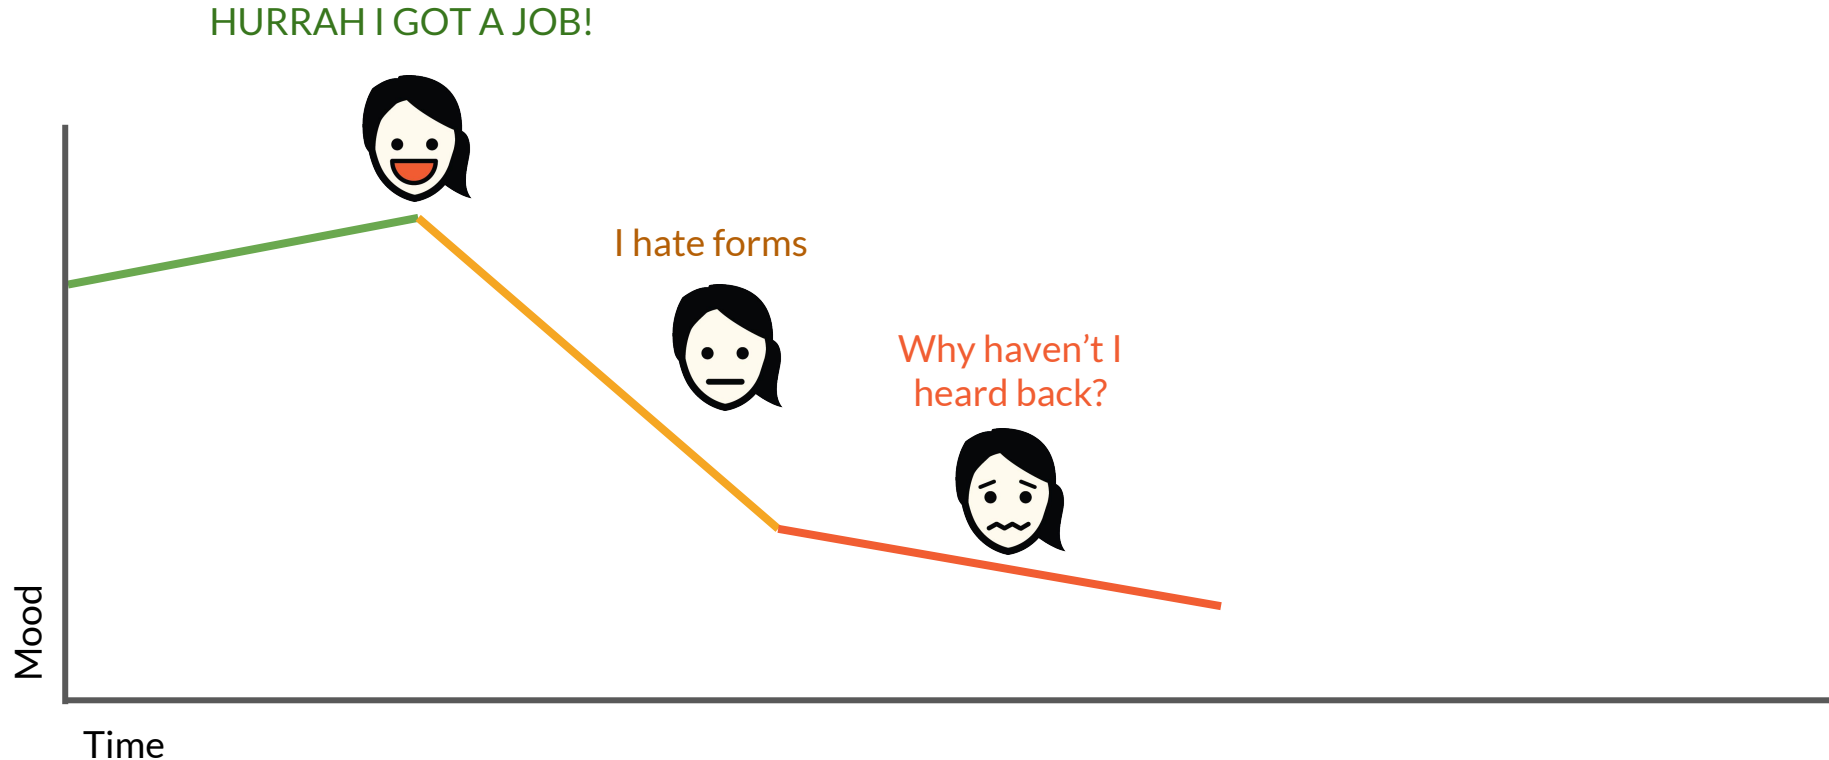

HURRAH I GOT A JOB!

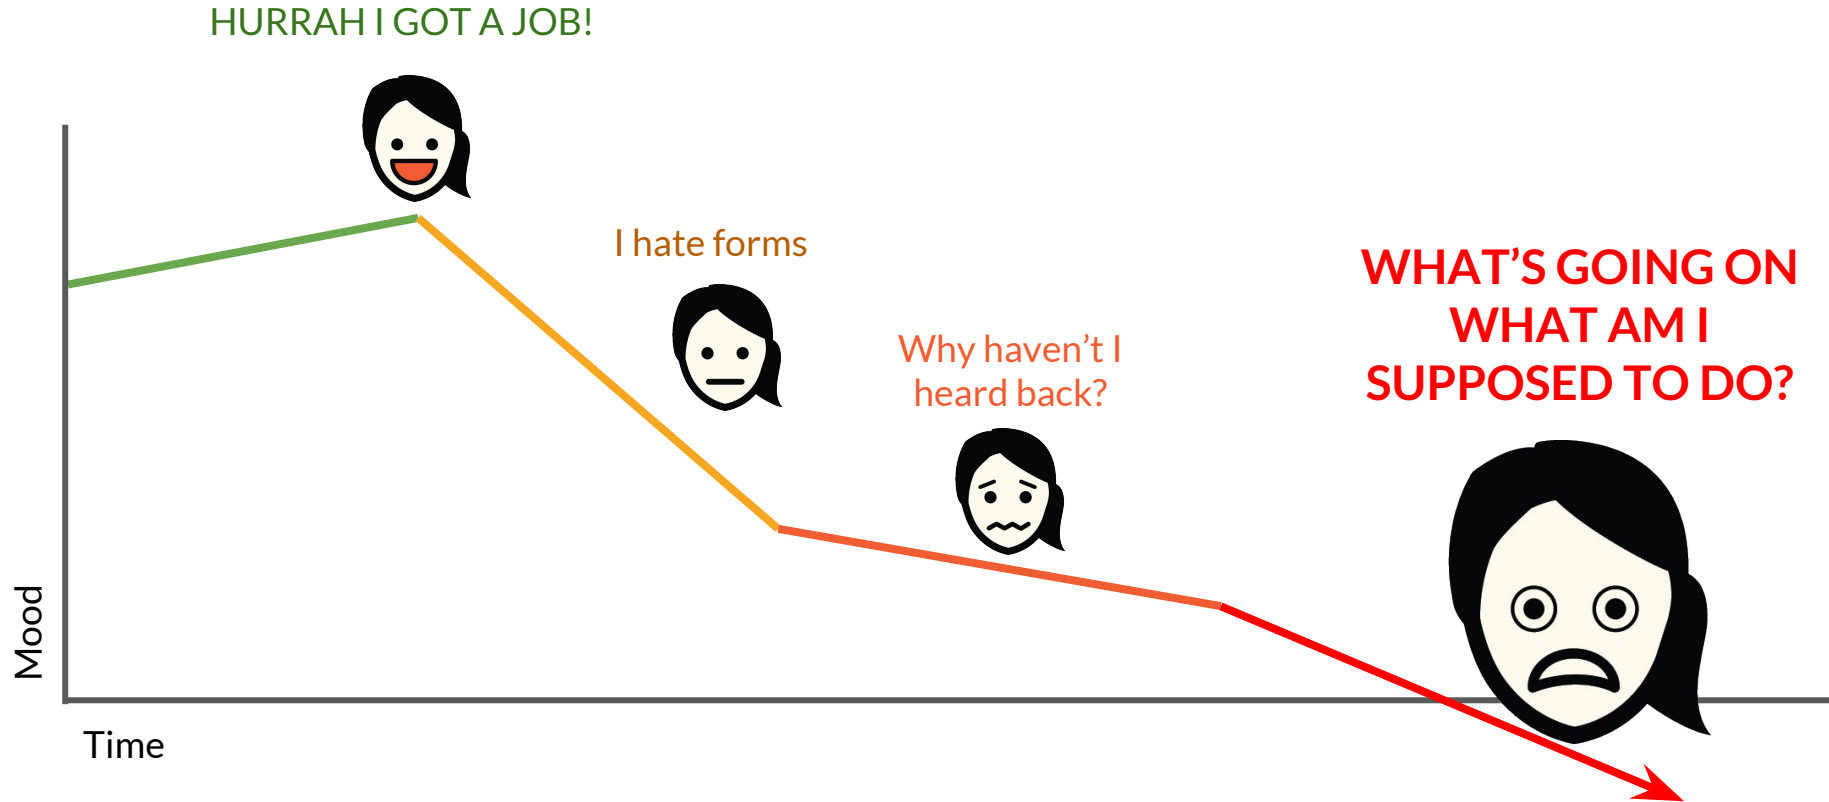

The current user experience is a roller coaster... but not in a good way.

The current user experience is a roller coaster... but not in a good way.

The current user experience is a roller coaster... but not in a good way.

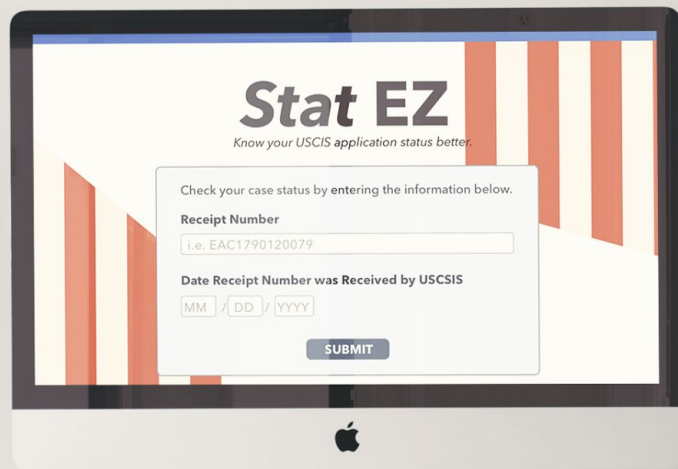

Lily got her
authorization
in the end!

Average cost-per-hire: **\$4,129**

Average to fill a position: **42 days**

The current
application system
lacks transparency.

The OPEN Government Data Act: A Sweeping Open Data Mandate for All Federal Information

by Christian Hoehner on April 18, 2016

UPDATE: The OPEN Government Data Act was formally introduced by Reps. Kilmer and Farenthold and Sens. Sasse and Schatz on April 26, 2016. In a [joint statement](#), the legislators said the bill would improve services in the public sector and support new discoveries in the private sector.

The Data Coalition, which [represents the growing open data industry](#), was pleased to welcome the introduction of the Open, Public, Electronic, and Necessary (OPEN) Government Data Act by Representatives Derek Kilmer (WA-D) and Blake Farenthold (TX-R) last Thursday at a [press event](#) co-hosted with the [Center for Data Innovation](#).

Sens. Brian Schatz (D-HI) and Ben Sasse (R-NE) also announced they'll soon introduce a companion bill in the Senate. The bill text is available on [Congress.gov](#) and Rep. Kilmer's office has published
